Tub Label and Tabs for Convenience

Skills Practice

If you are using a file box with a space for a card, you can print out this smaller version to place in that spot if you prefer it to the bigger skills practice tub label. This one fits perfectly in the tub pictured and linked to in my Amazon shop. I would recommend printing it on cardstock if you are using the card slot.

This version of the 36 Weeks of Skills Practice tub label goes in a card slot like this.

Tub Label Options

THERE ARE TWO VERSIONS OF THE 36 WEEKS OF SKILLS PRACTICE TUB LABELS INCLUDED:

- **Full Page** – You can use this version if you prefer a large, visible label or you don't have a card slot on your tub.
- **Card Sized** – This one works great if you have a card slot on your 36 Weeks of Skills Practice tub and don't want a large label on it.

We have created two different styles of the Tub Labels. One is a full-page label and the other is a card sized label which is great for tubs with card slots!

Binder Spine Directions: Spines are for 1", 1.5", or 2" binders. It doesn't matter what binder size you choose. It mostly depends on what you have and if you plan on including anything else in your binder. There will be some extra space in the spine area! This means they will look great AND slide in with ease!

These tabs will go INSIDE the plastic part of your hanging file folders, INSTEAD of any included papers to slide in. They were designed to fit these Standard hanging file folders perfectly, so if you need to buy some consider these, but should fit any ones you may already have, too. This will make your skills practice tabs match your skills practice materials!

This page IS EDITABLE. Click where it says "Type Here" to name the tabs for your hanging file folders.

We have included Binder Spines in case you would like to keep your 36 Weeks of Skill Practice in a binder instead of a bin. We have also included binder tabs as well!
