Note To Teacher

Thank you so much for purchasing the Secret Student All Year Bundle! I know that by taking the initiative to implement these activities in your classroom, your classroom community will grow stronger throughout the year.

This bonus will help you to get all your student pages taken care of for the entire year in one go! You will type your name and your student names onto the Master List page. The names will auto-populate onto the name drawing cards, recording sheets, and thank you activities (where applicable) for each month. (Please note the Back to School and End of the Year activities do not have the thank you activity cards. Those reveal activities are different and are included in the individual sets!) The parent letters for each month will also auto-populate with your name!

I have tested this document and everything should be working smoothly within it. However, this was quite intensive to put together to make sure it auto-populates in the right places and doesn't auto-populate in the wrong places. *If you run into any issues, please email me at kelsey@wifeteachermommy.com and I will help you as soon as possible!*

Love this bundle? Be sure to check out some of the other bundles in my store where you purchased this. You may love my sub plan bundles, Holiday Candy Math & ELA year-long bundles, or my research unit bundles!

Thanks again for your purchase! I hope you have a fantastic school year!
