## Holiday Spelling Activity Instructions

Each day of the week will have a different activity to practice spelling. You don't have to do the same page every day if you would like to switch it up! Everything is already created for you, so all you have to do is print what you need for the week and you're ready to teach.

For every week, you will need to a copy of the Spin and Spell page and the Weekly Spelling Test for each student.

### Suggested Use

- Monday: One copy of the Weekly Spelling List, the Spin and Spell page, a paperclip, and a pencil for each student

### Instructions:

- Pass out the Weekly Spelling List. Read the list of words together as a class and call on students to see if they know the meaning of each word. You can give them hints to look at prefixes, root words, or suffixes to help them find the meaning. This should be done before starting the activity.
- Pass out the Spin and Spell page, a paperclip, and a pencil (if your students don't already have one). Have the students follow the directions on the spinner when they land on a number.

- Tuesday: One copy of the Word Boxes page for each student

### Instructions:

- Read the list of words together and talk about the definitions again. Then have the students follow the directions on the page.
