

Vakantiedag

A vibrant collage of stationery and craft supplies in shades of pink and red. The items are scattered on a light-colored, wood-grained surface. Visible objects include a small grey bowl filled with pink paper clips, a crumpled piece of pink paper, a pair of silver-handled scissors, a pink pencil, a red alarm clock, a black stapler, and a small container of pink heart-shaped confetti. Several small, pink heart-shaped cutouts are also scattered throughout the scene. The overall aesthetic is romantic and creative.

Note to Educator & Instruction Pages

Note to Teacher

Congratulations! These worksheets are ready to go for your students and/or your own kids! All you need to do is print.

An optional lesson plan is also included. You may follow this if you'd like. It is also a great lesson plan to leave with a substitute if you would like to use these worksheets in your sub plans.

If you decide to bind the worksheets into journals, there is a cover option. Be sure to print the pages at 90% scale if you are binding.

Alphabet Review Lesson Plan

You will need:

- Selection of letter worksheets for the students
- Crayons, markers, colored pencils, etc.

Instructions:

- Have the students come to the floor near a white board or chalk board for a class discussion. Introduce the letter(s) of the day individually.
- First, discuss the letter as a class. Give an example of a word that begins with the letter. Then, ask the students what sound the letter makes at the beginning of a word. Write their examples on the board.
- Repeat this process for all of the letters that will be reviewed for the day.
- After you have gone over each letter, ask the students "What letters are we learning about today?" and have them remind you of the letters. Review any questions the students have before sending them back to their seats.
- Have the students go back to their seats and hand out the : "Write It, Circle It, Draw It" letter worksheets to go along with the letters that were discussed. Go over the directions with the students (They will need to write, circle, and draw!)
- ***IMPORTANT NOTE*** For the holiday sets, it is VERY important to say the two words OUT LOUD to the students on each worksheet! They may not be able to determine from the picture what some of the words are (For example "A" is "admirer"). Students will need to hear the words to identify which begins with each letter. See the answer key to see what each picture is!
- Walk around and assist students as they work on the worksheets and monitor the students. Be sure the students write their letters and circle the pictures first. Then, make sure they use their creativity as they draw and color their pictures.
